Alphachanneling: Utopian Erotic

Alphachanneling, A New Kind of Science, Watercolor and color pencil on paper, 15 x 21 inches

The artist (whose identity is unknown to the public) who goes by the New Age-y name Alphachanneling has long been known on Instagram, where his erotic modern Kama Sutra images of see-through sex regularly garner thousands of “likes.” I thought I discovered him a few years ago and wrote about him; turns out visionary dealer Jack Hanley has been on the phantasmagoric-pervert artistic trail as well. Tingle, giggle, or scoff at the stupidity. I love ’em. — Jerry Saltz
